Success Of Your Business**

Services Designed For The Success Of Your Business

As a small
business
owner,

you know the importance of having the right tools to get the job done! That's why we've designed our First Trust business services to meet those needs. It's more than just great value and service, it's products and services designed to help you grow your small business.

It Starts With Business Checking

• Business Essential Checking

A low cost checking account for business owners with limited transaction needs. \$100 minimum deposit, thereafter no minimum balance required.

• Business Plu\$ Checking

This account is for companies with higher balances and transaction activities. For accounts maintaining a \$10,000 daily balance, dividends are paid monthly.

Maximize Your Savings Potential

• Earn higher returns without the investment risk. Your savings account allows you to access all other First Trust products and services. Dividends are paid quarterly and based on the daily balance method. You can rest assured that your monies are safe with automatic account insurance of \$250,000 through the National Credit Union Association (NCUA). An additional \$250,000 coverage through Excess Share Insurance is also provided.

Access Your Account Anytime From Anywhere!

• Take your credit union with you . . . As a First Trust Business Member, you'll enjoy easy access to your accounts. Our 24 hour toll-free telephone access CU*Talk® or our on-line banking system allows you instant access to your business accounts. Check your account balances, transfer funds, or pay your bills. Or if you prefer stop in at any of our four conveniently located branches to access your accounts.
