Online Banking & Mobile Banking 24 Hours a Day, 7 Days a Week, 365 Days a Year!

In this day and age, we all know that technology is one of the key elements to running a successful business, and personal life as well. What would we do without our smartphones, laptops, ipads, etc...? Did you know that credit unions are just as technologically advanced as banks? Yes, it's true—and here at First Trust Credit Union we want YOU to know that we offer an abundance of products and services to keep your electronic banking needs front and center. These services are provided through our **It's Me 247** online banking program, and our FREE First Trust **MOBILE APP**. Through these electronic services, members have access to their accounts 24/7, allowing them to view account balances, perform money transactions and transfers, apply for loans, pay bills, and much more. The It's Me 247 program is accessed by members through our newly redesigned website, www.firsttrustcu.com. The fresh, new, modern design of the website now provides easier navigation, improved content and information, and overall improved functionality for our members. Marketing Director, Dorene Martinson, stated, "We work very hard to achieve convenient, efficient electronic banking services for our members so that they have all the modern day banking necessities right at their fingertips."
